

Child Protection and Safety Program

Children are the most precious resource of the family and the Church. The greatest care must always be taken when the safety of children is involved. The Diocese of Arlington is committed to providing a safe environment to all children entrusted to our care and assisting each child to grow in grace and wisdom. The Office of Child Protection & Safety provides several programs including:

- A comprehensive training program for employees, volunteers, parents and children
- Application procedures for persons working with children, including background checks
- Monitoring of child and youth activities to ensure that all contact with young people is appropriate
- Outreach and support for victims of child abuse and their families

At St. Raymond's, in support of these programs and the policies that accompany them, we work to see that all applicable persons are fully compliant with the Child Protection Policies of the Arlington Diocese.

Who's Required to be Fully Compliant within the Parish?

- All **employees** are required to be fully compliant, regardless of their potential contact with children or the number of hours they work.
- **All volunteers with substantial contact** with our youth are required to be fully compliant. **Substantial Contact** is contact that is not incidental **OR** where their service is such that it is reasonable to think that the person may at some time have contact with our children outside the sight or hearing of other responsible adults.

What's Required for Compliance?

1. Submission of a completed packet of background check paperwork (fingerprinting is required for employees). To volunteer for one of the Parish ministries, a packet may be requested from (and returned to) the Parish Liaison for Child Protection and Safety at St. Raymond's. Completion of background checks by the Arlington Diocese is a prerequisite of volunteer work involving substantial contact with our youth. To view the volunteer ministries/groups and to request a packet, please complete a "Request for a Background Check Packet" form found on this site.
2. Attendance at a Virtus training seminar entitled: "Protecting God's Children". Register at <http://www.virtus.org/> and click on Registration. Seminars are generally held in the evenings and on Saturday mornings, lasting approximately three to four hours. Arriving on time and staying until the end of the training is mandatory. All participants must register on-line and sign in at the seminar to receive credit.

The original and complete background check packet (no e-mailed copies permitted) is to be returned in-person to the Parish Liaison at St. Raymond's, in the religious education office.
